, Engineer.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights on the source, and is issued for the full acreage applied for, notwithstanding the fact that a portion of the land included in the application as proposed to be irrigated, is listed under proof of appropriation No. 01177. The acreage entitled to a vested right, if any, will be deducted from the certificate under this permit when issued.

A standard headgate and weir must be installed at or near the point of diversion to facilitate the measurement and control of water. The water herein granted is subject to regulation by the State at all times. The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed Four (4.0) cubic feet per second.

Actual construction work shall begin on or before September 27, 1915.

Proof of commencement of work shall be filed before October 27, 1915.

Work must be prosecuted with reasonable diligence and be completed on or before September 27, 1916.

Application of water to beneficial use shall be made on or before October 6, 1921. Proof of the application of water to beneficial

use must be filed with State Engineer on or before November 6, 1921.

Map filed APR 21 1915

Proof of labor filed OCT 13 1915

WITNESS MY HAND AND SEAL this 6th day of August, 1915.
